

Dominic Cleary Gomes

Career Objective

A highly organized and hard-working individual seeking a responsible position to gain practical experience. I would like to utilize my talent and diligence to enhance my knowledge and skills by contributing to the organization to achieve goals and objectives with full integrity and zest.

Work Experience

March 2024 - Present

The Christian Cooperative Credit Union Limited | Rev. Fr. Charles J. Young Bhaban, 173/1/A, East Tejguri Bazar, Tejgaon, Dhaka-1215.

Junior Software Engineer

As a Junior Software Engineer at a reputable credit union, I work with C# and the ASP.NET MVC 5 framework, contributing to the ongoing development and maintenance of a large-scale ERP system.

I have hands-on experience in enhancing existing modules, fixing production issues, and implementing secure, server-side solutions using the MVC architecture.

January 2023 - February 2024

Pulse Tech Ltd. | 31 Segun Bagicha Rd, Dhaka 1000

Assistant Software Engineer

As an assistant software engineer for a reputed software company, I was responsible for designing and developing applications for both iOS and Android platforms.

My responsibilities included analyzing user requirements, creating prototypes, and writing clean, efficient code for the application
